

AIDS 2010

XVIII INTERNATIONAL AIDS CONFERENCE
JULY | 18-23 | 2010 | VIENNA AUSTRIA

ABCC Directory

The ABCC Directory is a unique platform that provides opportunity for networking among conference delegates. Registered delegates attending AIDS 2010 can send an email to programme presenters, workshop faculty and other delegates, from around the world present at the conference.

To access the ABCC Directory, log on to your [conference profile](#) to:

- **Access** top scientists, leading activists, political leaders, frontline practitioners and policy makers that assemble every two years to decide the next steps in the global HIV response. The directory is categorized according to the area of expertise, institution and region of conference delegates.
- **Build networks** with leading HIV experts, including programme presenters, workshop faculty and other delegates, from around the world present at the conference.
- **Connect and Build Capacity:** The platform will enable health practitioners, faculty and delegates to connect via email to exchange knowledge beginning on-site and continue after the conference

Onsite delegates will be able to sign up to access the ABCC directory in the main concourse of the venue.
