

Opioid Substitution Therapy and Harm Reduction Services

Before travelling to AIDS 2010, delegates should be aware that:

- ▶ You can take prescribed methadone or buprenorphine with you if you have a certificate and/or permit which confirms that the prescribed medicines are for your personal use.
- ▶ If you are currently on Opioid Substitution Therapy (OST) but for legal restrictions unable to take the prescribed pharmaceuticals to Austria you may continue treatment under the following circumstances.
- ▶ In order to continue your OST you will have to have a valid prescription from your doctor and a copy of a letter of your doctor, both documents in German or English. You must present a valid ID (passport or driving license) in the clinic. Foreign prescriptions cannot be used directly in pharmacies.
- ▶ Delegates who are currently not on OST in their home country will not be able to start such a treatment in Vienna.
- ▶ Sterile needles and syringes can be bought freely at any pharmacy in Vienna.

Harm Reduction Services at AIDS 2010

Opioid Substitution Therapy has been available in Austria since 1987. Currently more than 11,000 people receive OST in Austria, with 7,000 receiving OST in Vienna.

AIDS 2010 conference delegates who are on OST will be able to get prescriptions for methadone or buprenorphine from 17 to 24 July 2010.

Various services will be provided by two main walk-in clinics:

1st Line: ASK Clinic

This walk-in clinic provides the following services:

- ▶ Clinical examinations
- ▶ Urine testing
- ▶ Medical treatment
- ▶ Substitution therapy (prescribed medicines can be purchased with a doctor's prescription at any pharmacy in Vienna. Prices: Methadon 80 mg per day for 3 days approximately € 10,-, Buprenorphin (Subutex) 8 mg per tablet, pack with 7 pieces approximately € 50,-.

If you **do not** have a valid prescription and need treatment, visit the ASK during opening hours.
