Volunteers' Feedback from Previous Conference

"This conference has been the best experience ever. I met marvelous people from all over the world; I learnt a lot from each of them and have tons of new friends now.

Thank you very much for giving us this opportunity. I will never forget it"

Soleil from Canada (AIDS 2008)

"I would like to say thank you for giving my colleagues and I the privilege of being part of a conference of this magnitude as volunteers.

It was a wonderful learning experience for me, considering the fact that I have attended a number of international and local conferences sessions as part of the delegates. It was an eye opener to be able to be the other side of the coin.

Being a volunteer has made me realize how much hard work goes into preparation of such events"

Marie from Rep. Dem. Congo (IAS 2009)

"The AIDS 2008 was fantastic. I hope there will be more events like this one where we can contribute as volunteers and share this wonderful experience with people from all over the world. I made new friends and had a really good time working with them.

I don't have enough words to say thank you to the organizer. I really enjoyed this experience."

Carlos from Mexico City (AIDS 2008)

"I just wanted to thank you once again for giving me the opportunity to be a volunteer in this wonderful International Conference. I realized that I can demonstrate my passion, honesty, patience, hardworking to make the Conference a success.

I was working on the main entrance, to welcome those delegates from different countries, greeting them, smiling at them and sometimes giving them the information they needed. That was so wonderful and I wished the conference was for more than 4 days.

I really enjoyed the Conference, meeting people, making friends. Lastly but not least I also thank the organizers of the Conference for believing in Volunteers, we worked together hand in hand."

Sibongile from Cape Town (IAS 2009)

"I just wanted to thank you for the opportunity and involvement you allowed me and my colleagues to be part of the volunteer group during the IAS 2009 Conference.

It was a great experience and I believe possible we will meet again. Hope God gives you the grace and strength that your next conference will be a great success. Keep up the great work"

Dorothy from Cape Town (IAS 2009)
